### **Progression is dependent on successful completion of all required courses in the previous semester.**

Refer to SIS or the Graduate Record for the most current information on course prerequisites.

Each SON course is identified by a 4-digit academic credit nomenclature: the first digit denotes the classroom hours, the second digit denotes the lab hours, the third digit denotes the clinical hours (1 credit = 56 hours), and the fourth digit denotes the total credits earned.

\*Students admitted in Fall 2024 took GNUR 6010 for 4 credits. They may elect to apply this extra 1 credit toward the total credit requirement and take a 2 credit graduate level elective.
